Just what I needed!

a year ago

I bought this a month ago and I am so glad I did for my joints and heart health realizing the importance of omega as a part of my nutrition routine. I decide to go with this product, after surgery having a lot of body aches I did not want to take to many pain killers and that's when I started to faithfully take my omega and like I knew it would I felt so much better in just a few days. I highly recommend the advance omega. I love there is no aftertaste like some omegas have. It's now a continue addition to my overall health and nutrition. Thank you Amway!

I live by this

a year ago

I live by this. I have seen the significant difference when I don't take them, I feel focus, determine and ready for the day. I always take them before breakfast!
