Product Details

Who it's for:

Anyone dealing with large pores and an oily T-zone in need of a deep clean to remove impurities and oil-control to shut down the shine.

In a consumer test, women agreed it:

- Deeply cleanses skin and pores, drawing out dirt, oil, impurities and environmental pollutants
- Helps makeup look matte and fresh all day long
- Works like a mattifying magnet to control and reduce shine
- Indulges the senses with invigorating grapefruit, orange and lemn notes with woodsy musk.

Citrus extract

Cultivated from our very own Nutrilite farms, citrus extract protects against the visible signs of aging while invigorating the skin for a clean, clear complexion.

French clay

Rich and powerful, this ingredient works like a charm to absorb the excess oil from the skin's surface and rinse it away, resulting in an immediate mattified look that lasts all day.

Natural oatmeal

This naturally soothing ingredient helps calm, soothe and smooth the skin when you need extra zen after a busy day.

My favorite mask!

4 years ago

l absolutely love this mask, I have gifted it several times as well. This mask is great for combo or oily skin, a nice refresh for breakouts from wearing cloth face masks. I use 1-2x per week! Plus you only need a thin layer so one jar last last a few months.

***** Instant Results

a year ago

I don't do face masks as often as I would like to, but, fortunately, this one is very forgiving! With one use I can instantly see the difference in the health and glow of my skin. I also use Artistry toner and moisturizer and the combination of all three keeps my face clean, fresh, and protected from all the environmental elements. Highly recommend!
